SUBJECT ■ Shannon & Wilson Hires Vonmarie Martinez-Chaluisant,
Geotechnical Engineer

ST. LOUIS, January 16, 2017 – Shannon & Wilson is pleased to announce that Vonmarie Martinez-Chaluisant has joined their Saint Louis office as a geotechnical engineer. Vonmarie is a resident of St. Louis, Missouri, with six years of civil/geotechnical engineering and wind energy experience. She has a Master of Science in Civil Engineering from the University of Wisconsin, and a Bachelor of Science in Civil Engineering from the University of Puerto Rico.

Shannon & Wilson is an employee-owned consulting firm recognized by the industry and their clients to be among geotechnical and environmental consulting leaders in the Saint Louis community and nationwide. In-house capabilities include environmental science, engineering, geohydrology; geotechnical engineering and instrumentation; geology and geophysics; rock mechanics and underground engineering; and earthquake engineering. Shannon & Wilson was founded in 1954 and is headquartered in Seattle, Washington.
